

Pyxis Laboratories
12423 NE Whitaker Way
Portland, OR 97230

Phone: (503)-254-1794
Fax: (503)-254-1452

COMPANY PROFILE:

Pyxis Laboratories, LLC is a certified full service environmental laboratory. We are located near the airport in Portland and on Hwy 97 in Redmond Oregon.

FAST TURN AROUND- Storm water samples are analyzed in a timely manner to provide all clients with a final report with analytical results in a standard turnaround of eight (8) days. Priority (5 Day) and Rush (3 Day) services other than standard are available for an additional fee.

HIGH QUALITY ANALYTICAL SERVICES- Peer review and Final reviews are performed on all analytical results to ensure the results meet all established DEQ standards for sample hold time, required detection limits and quality control.

KNOWLEDGEABLE STAFF- Pyxis has a knowledgeable staff of chemists who have a great deal of experience in running storm water samples. In addition, Pyxis offers a customer services department dedicated to providing our clients with exceptional service to handle all questions and requests.

SCHEDULED COURIER SERVICES- Upon request, Pyxis provides courier services for \$25 throughout select areas in Oregon. Please call to verify the courier schedule in your area.
